

DEED OF CUSTODY

MYSPAWN™ GENETIC RECORD · PRIVATE ARCHIVE

RECORD OF PERPETUAL CUSTODY

KIT REF · MSPN-DNA-KIT

ARTICLE I — WHAT IS HELD

One sealed biological sample containing the complete genetic record of **the undersigned owner**, collected upon return of the kit and preserved in its original, unaltered form.

ARTICLE II — WHERE IT RESTS

In archival custody at **GenVault**, an independent, FDA-registered biorepository accredited to **ISO 9001, ISO 20387** and by the **College of American Pathologists** — under ambient-temperature preservation in New Jersey, **United States of America**.

ARTICLE III — WHO IT BELONGS TO

The record belongs to the person it describes — and after them, to whomever they name below. It may be claimed, moved, or destroyed only at the owner's written instruction.
